Blue Bells English Medium School

June 2021

Principal's Message

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations.

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society.

Converting every individual into a self-reliant and independent citizen, our school provides an amalgam of scholastic and co-scholastic activities. Today's world is changing at such an accelerated rate, and we as educators need to pause and reflect on this entire education system. We believe and adhere to our principle - "To motivate the late bloomers, mould the mediocre and challenge the gifted".

Providing good quality modern education, including a vital component of cultural values, environment awareness, and physical education, to talented children in rural areas irrespective of their family's socio-economic condition, is the prime motto of Blue Bells English Medium School. Committed and supportive management, dedicated teachers, caring and cooperative parents blend harmoniously to create this school as a child-centric school.

Calligraphy:

The Art of beautiful handwriting

In this digital age, where advanced technology has taken over all the aspects of our lives; people are rediscovering the therapeutic effects and benefits of calligraphy. Let's explore these benefits:

- 1) It is Meditative and relaxing.
- 2) It helps develop fine motor skills and memory retention.
- 3) We are most creative when we are using our hands.
- 4) It helps us make sense of our thoughts and promotes critical thinking.
- 5) It helps us gain confidence as we get better at the skill.

Color of the Day: Yellow

To recapitulate and reinforce the effects of the colour yellow, BBEMS celebrated 'Yellow Day' on 12th June 2021.

This day was dedicated to the colour - "Yellow". Children love colours and it is always a special treat when a colour day is celebrated at school. It was exciting and interesting to watch all the munchkins twinning in yellow. Kids participated in the show and the activities held. The colour brought in a lot of intellectual energy and positive vibes.

Color Party

"Colours are brighter when the mind is open".

We at BBEMS believe that every child has an ocean of inner strengths. Colouring Activity was conducted for our Pre- Primary kids wherein the students brought in their colourful imaginations.

This activity helped them to improve their hand strength, encouraged self-expression, and improve fine motor coordination.

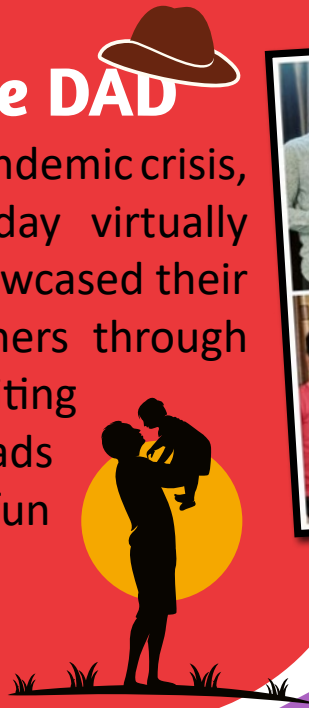

Hero without a cape DAD

This year due to the ongoing pandemic crisis, BBEMS celebrated Father's day virtually with enthusiasm. Students showcased their love & respect for their Fathers through various activities such as reciting poems and honouring their dads with badges. It was indeed a fun and exciting activity.

Yoga: Celebration of a healthy lifestyle

Yoga is an ancient Indian practice that helps in maintaining physical & mental well being. During the last year, Yoga has gained more importance due to the coronavirus pandemic. Accordingly, the UN's theme for International Yoga Day 2021 has been decided to be "Yoga for well being", which aligns with the current situation.

The celebration for the International Day of Yoga was organized and held virtually. The session was organised by Mr Pradeep and Mr Sagar, Yoga Masters and successfully conducted the session on brain development, body flexibility and techniques to increase height in the youngsters. Students attended the session & performed the asanas.

Puppet Nerds

At BBEMS, art and craft is well integrated into the curriculum to develop our students' creativity and allow them to express their imagination freely. Keeping this in mind, a Puppet making workshop was organized for our little munchkins wherein they participated wholeheartedly and enthusiastically.

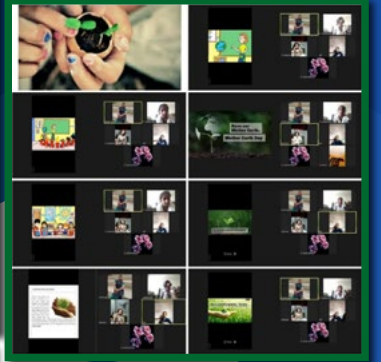

Save the Earth!

BBEMS this year celebrated Earth Day virtually. The event was focused on how to live more sustainably on our home planet.

The celebration began by showcasing the significance of Earth Day. Then, a short animated video was shared, and the kids participated in planting saplings to commemorate Earth Day. The event was concluded with an oath ceremony by the kids to protect and preserve our mother earth.

#EarthDay2021

DIY Motor Skill Activities

Our little munchkins participated with zeal & enthusiasm in skill enhancement activities such as patterns, tracing and number values. The activity intended to develop the kids' fine motor skills and also their hand-eye coordination.

To Mom and Dad!

Parents are a beacon of a child's life.

The United Nations proclaimed 1st June of every year as 'Global day of Parents' to honour the parents worldwide.

Our BBITES expressed their love to their parents in their own unique and creative ways.
